

# 4-H Design Camp

JUNE 27-28, 2023

Are you at a STEAM Level Clothing 1 and have little to no experience sewing? Are you up to the challenge to strengthen your sewing techniques? If you are, the 4-H Design Camp is for you!

Youth will design and construct an original wrap pant, bring a pair of jeans and applying trendy dyeing techniques, create their own bleach dyed shirts, and will construct other simple sewing projects!

**BONUS:** Many exciting memories will be made as you take a dip in the city pool and give archery a try. Enjoy creating your own outfit to show on the runway at the end of the camp with all of your new friends!

# 4-H Design Camp
