Sheridan County 4-H Achievement Scorecard

This is the 4-H Achievement scorecard for the 4-H Achievement Program. This incentive program encourages 4-H youth to become even more involved in 4-H. Youth must be official 4-H age (8 as of January 1) to be eligible for this program

Keep track of your 4-H activities through the year on this individual scorecard. Turn the scorecard in at the 4H office on or before October 1st along with your 4-H Career Portfolio or Achievement Application, if you enter one.

Awards are present at the 4-H Achievement night in October as “4-H Bucks” that can be used to pay for 4-H activities such as Jump Into Summer, 4-H camp, and most other county sponsored 4-H events. They can also be used to pay for 4-H horse show fees, Sheridan County livestock fees. Contact the 4-H office for the proper procedure to use your “4H Bucks”

There are 3 levels of awards: Gold, Silver and Bronze. The number of points needed for each award level increases as 4-H youth grow from Junior (age 8-10) to Intermediate (age 11-13) to Senior (age 14-18).

The Bronze award (\$10) is the easiest to earn for all three age groups. 4-H youth record their points on the score card, sign it and turn it in. Every event on the card is worth one point unless indicated differently. Attend county 4-H activities and events, enter projects into the fair, write thank-you notes to sponsors, and attend the 4-H achievement night and most youth will easily earn the Bronze award.

Silver (\$25) and Gold (\$50) have a bit more challenge. For Silver, youth must either participate in an approved 4-H Contest at the county level or enter a 4-H Portfolio for county judging on October 1st. To earn Gold, youth must do both, participate in an approved county level contest and enter a complete and updated 4-H Career Portfolio. Please list the contest that you participated in on top of scorecard.

There are many approved county contests held at various times during the year.

- Public Speaking
- General 4-H Demonstrations
- Culinary Challenge
- Fashion Review Contest
- Jr. Livestock/Horse Judging. (youth judge livestock and compare results with judge.)
- Horse Demonstration

This is a short list of approved county contests. If a contest isn't listed please ask the 4-H office to be sure it will count.

The 4-H Career Portfolio or Achievement Application is a record of a youth's experiences in 4-H. Official green dividers and instructions are available at the 4-H office. We are here to help come in or call 308-327-2312.
