

DIGITAL VIDEO - 4-H FILMFEST

The 4-H FilmFest is the display of digital videos that show the recording, reproducing, and broadcasting of moving visual images; digital videos may be created by one (1) individual or a team of two (2) individuals. During the 4-H FilmFest, youth will provide a 1-minute oral introduction (name, background/goal of presentation, intended audience, where presentation could be shared, etc.) followed by the showing of their digital video. The following digital videos may be entered in the 4-H FilmFest:

- **Video Public Service Announcement:** A short video that communicates an educational message focused on a cause, activity, or event (Length: 60 seconds).
- **Narrative:** A video that tells a fact or fiction story (Length: 3-5 minutes).
- **Documentary:** A video that presents factual information about a person, event, or process (Length: 3-5 minutes).
- **Animation:** A video created by techniques that simulate movement from individual images (Length: 3-5 minutes).

Digital videos submitted will be judged live at the 4-H FilmFest event. The judge will view the videos live and engage in a question and answer session with the video producer(s). The 4-H participant will be on the stage for a formal introduction and then seated in the audience for viewing of video.

RULES

- A. Participant Requirements:
 - Any 4-H FilmFest digital video that has been previously shared at events that has a live audience (4-H Club Meeting, Community Event, etc.) is eligible for this division.
 - The class requires the presence of the contestant(s).
- B. Film Topic:
 - 4-H FilmFest digital videos should engage the audience and teach them about something the 4-H youth is learning about science, healthy living, citizenship, and agricultural literacy.
 - Enrollment in the project area in which the participant is making a presentation is not required.
- C. All digital videos entered in this class must be submitted to the Sioux County Extension Office before the deadline.
- D. The video may include photos, clip art, animation, text, and/or audio/sound. Any freeware/software program may be used to create the presentation. However, the only file formats that will be accepted include: .mpeg, .wmv, .mp4, .mov, .ppt, .pptx, or .avi.
