(OVER)

Extension is a Division of the Institute of Agriculture and Natural Resources at the University of Nebraska–Lincoln cooperating with the Counties and the United States Department of Agriculture.

The 4-H Youth Development program abides with the nondiscrimination policies of the University of Nebraska–Lincoln and the United States Department of Agriculture.

*FCS stands for Family and Consumer Science projects including: food and nutrition, clothing and textiles, human development, and consumer management.

**SET stands for Science, Engineering, and Technology projects including: aerospace, computers, electricity, 4-wheelin', robotics, small engines, wind energy, woodworking, and welding.

Club members may also be involved in projects that fall under: Environmental Education & Earth Sciences, Healthy Lifestyles Education, Leadership & Citizenship, and Plant Science.

Many of the clubs have members involved in projects other than the clubs' main project. As a 4-H member, you may participate in any project regardless of your clubs' focus.
