International Association of Fairs and Expositions National Code of Show Ring Ethics

Exhibitors of animals at livestock shows shall at all times deport themselves with honest and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the

advancement of agricultural education. All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics may forfeit awards and auction proceeds and may be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors.

The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

All projects that will be enrolled in the ShoWorks program to be shown at the 2024 County Fair have an enrollment deadline of JULY 5.

2024 Phelps County Premium Auction Policy

The Phelps County Premium Auction is provided in partnership with the Phelps County Ag Society. **Starting in 2023, The Phelps County 4-H Auction will be “premium only” for market beef, goat, lamb and swine.** Each eligible exhibitor will be allowed 2 animal lots. A “premium only” auction is defined as an event in which change of ownership of the animal is not the intent; but the intent is only to provide a monetary premium to accompany the ribbon earned by the project. Absolutely no change of ownership will occur during the live premium auction. Youth selling their animals by packer bid and participating in the premium auction should receive two checks, one for the actual market value of the animal and one for the premium auction money. Exhibitors will receive 80% of their premium auction money with 20% being retained to support the Phelps County 4-H Foundation. Youth who wish to sell ownership of their animal will have the opportunity to sign up for the appropriate packer for beef, goat, and lamb (**not** available for swine) or make their own arrangements for private sale following the premium auction. Youth will receive 100% of their check from the species appropriate packer. The Phelps County Ag Society will coordinate packers each year. Sign up time/location for packers is TBD. **It is important to note that the premium auction and sale of an animal to a packer are two separate events. Exchange of ownership for each eligible project must happen after the conclusion of the Premium Auction.** Phelps County 4-H/FFA members ages 8—18 as of Jan. 1 exhibiting the species noted above are eligible to participate in the Phelps County 4-H Auction. Youth are eligible to designate 2 market animals of the same or different species noted.

In GOSPER County– The Gosper County 4-H Auction is a “premium only” auction, NO BASE BID option available. 4-H Exhibitors who exhibit market beef, swine, sheep and goats are eligible to participate in the 4-H Auction with two (2) animal lots. No change of ownership will take place during the auction. In order to fund the Gosper Co. 4-H Council, twenty (20) percent will be retained from each 4-H auction entry. The remaining eighty (80) percent will be awarded to each participant.

Who is in charge of the 4-H Auction?

The **Gosper** County 4-H Council under the umbrella of The Elwood Community Foundation is the organizer, sponsor and in charge of the Gosper County 4-H Auction.

The Phelps County Ag. Society/Fair Board is the Auction Clerk and Sponsor.

The Council/Foundation monies retained are a percentage of the premium above the base bid or market value of the animal. In Gosper County, the sale of the animal is a separate transaction. The 20% premium is only withheld on the Premium Lots offered during the auction.

This funding will be used for on-going 4-H enhancement programs in **all** 4-H program areas, such as educational scholarships, 4-H trips and conferences, contest support, and 4-H educational experiences and materials, such as Citizenship Washington Focus, 4-H leader training, 4-H Council support and general 4-H program promotion. In addition to providing experiences on the county level, the 4-H Council/Foundation provides support for the 4-H learning experiences on the state and national levels. The monies will also be used to cover expenses in the normal operation and maintenance of the county 4-H Auction.

How to enroll in the 4-H Auction...

All animal lots must be enrolled on an Auction Enrollment sheet to be eligible for the 4-H Auction. **Gosper County Exhibitors and Phelps County exhibitors will have one hour from the completion of the show in which the animals were shown to sign up their livestock for the Auction.**

The sheets need to include the following information: exhibitor/owner of the animal, animal identification, species, sex of the animal, live show weight, placing in the live show, plus any special award received, such as championship.

What is the 4-H Auction sale order?

The Auction lots will be sold in the following order: Grand Champions, Division Champions, Purple Ribbon Animals, Blue Ribbon Animals, Red Ribbon Animals and White Ribbon Animals. The lots will be sold by species, rotating the order of beef, sheep, goats and hogs each year. **Any late entries will be placed at the end of the auction.**

The sale of non-auction animals...

Market animals that do not participate in the auction may be sold following the conclusion of the sale to the species appropriate packer. Those animals must also be signed up on the enrollment sheets and marked “For Base Bid Only”. **Animals must meet weight requirements to be sold for base bid.** No diseased, prolapsed, or otherwise “sick” animal will be sold on auction or for base bid, despite meeting all other requirements. These entry sheets should include exhibitor ID, animal ID, species, sex, live show weight and show placing such as ribbon award.
