

Clover Kid Obstacle Course

Exhibitors are to do each obstacle by themselves with no help. It is encouraged, not required that an older 4-H'er walk alongside the Clover Kid during the obstacle course. No assistance is to be given during the actual obstacle. Exhibitor is given about 3 minutes to complete each obstacle. Calf should be led by a halter.

Bucket Calf

Calf led by halter.

1. Open gate, lead calf through, then close and latch or chain gate.
2. Lead calf over the bridge, keeping all four legs on the bridge. (Bridge is a sheet of plywood on 4X4's without sides).
3. Walk calf between chairs, which are two feet apart. Judge is sitting on one and scorekeeper is sitting on the other.
4. Lead calf into trailer, turn it around and lead it back out. (Big gate stays open).
5. Open exit gate, lead calf out, then close and latch or chain the gate.
