

Sheep & Goat Obstacle Course

Exhibitors are to do each obstacle by themselves with no help. Exhibitor is given about 1 minute to complete each obstacle. Animals head should be held high.

In the future, it is possible to:

1. Lead lambs up bleacher steps.
2. Add loud music.
3. Raise plywood to 12" above ground.
4. Give animal more length of rope from halter.
5. Have exhibitor carry a small bucket in other hand.

Animal is lead by halter/chain but not by hand under chin of animal.

1. Open gate, lead animal through, then close and latch gate.
2. Tie animal to gate/fence using slip knot. (Judge will inspect and untie knot.)
3. Lead animal between chairs/show boxes, which are two feet apart.
4. Lead animal weaving through the cones. Cones are about two feet apart.
5. Lead animal over plywood, which is on 4x4's to make it sound like a bridge.
6. Lead animal over blue plastic tarp. (Tarp will be folded several times to make a little fluffy and only 4x6' in size.)
7. While holding the end of the halter, walk around the animal.
8. Open exit gate, lead animal out, then close and latch gate.
