

## 4-H Bucket Calf Project Participants

Enclosed you will find a record sheet that bucket calf exhibitors must fill out and bring with them on the day of the show. This is a good reference for the participants and judge on the details of their project. It is also a great time to review the project with the exhibitor before they speak with the judge. It is required and the exhibitor will be asked questions off of this sheet, so please review it with you child and not just fill it out as a parents. It is OK if not all the information is filled out if you do not have an answer, just fill out what is known.

### **Judging will be based on the following guide:**

- Completed Written Record - 10 pts.
- Knowledge of subject - 20 pts.
- Exhibitor's appearance and courtesy toward other exhibitors - 20 pts.
- Response of exhibitor to judge and ring man's instructions - 20 pts.
- Calf washed and combed: response of calf to exhibitor - 30 pts.
