Presented By:
Nebraska Extension in Hamilton and Polk Counties, and the United States Department of Agriculture.
SERVSAFE® FOOD SAFETY PROGRAM

The SERVSAFE® FOOD SAFETY PROGRAM FOR MANAGERS provides the resources to help keep food safety as an essential ingredient in every meal. ServSafe teaches basic food safety and helps protect against food borne illness outbreaks. ServSafe can help reduce liability risks and minimize insurance costs and enables participants to demonstrate a commitment to food safety. Topics covered include:

- The Importance of Food Safety
- Good Personal Hygiene
- Time and Temperature Control
- Preventing Cross-Contamination
- Cleaning and Sanitizing
- Safe Food Preparation
- Receiving and Storing Food
- Methods of Thawing, Cooking, Cooling and Reheating Food
- HACCP (Hazard Analysis and Critical Control Points)
- Food Safety Regulations

Registrants will receive the SERVSAFE MANAGER BOOK®. This book reflects the latest FDA Food Code and prepares participants for the ServSafe Food Protection Manager Certification Exam, which is taken at the end of the course. Participants will receive a certificate of completion after successfully passing certification. Continuing education credit is available for dietitians, diet technicians, and dietary managers.

This one day course is a condensed, fast-paced class. Class fee for class is $135 to cover class and testing materials, textbooks, snacks and meals.

Please call for class fee and exam time if you need to only take the recertification exam. This is only for participants who have successfully passed the ServSafe exam prior to 2004. Although participants may choose to test only, it is recommended to take this course to keep up to date on current issues regarding food safety and safe food preparation.
