"Moving with the Brain in Mind"

The development of the brain in a child’s first five years of life clearly shapes the learning capacity they have for the rest of their life. Learn how the brain structure and functioning can be enhanced through movement and physical activity.

"Making the Most of Your Music"

Moving to music is a fun and healthy way to encourage movement and physical activity. This workshop helps participants understand how music helps with physical development.

Who Should Attend?
* Teachers
* Parents
* Childcare Providers
* Service Providers

Cost is $10.00
Includes a Small Supply Kit

Registration payment should be made payable to University of Nebraska-Lincoln and mailed by Friday, March 31, 2017 to:
