All project animals must be owned:

- Solely by the 4-H exhibitor, or

- If market animals are already identified/tagged with USDA official EID tags, use existing EID tags for identification. **DO NOT REMOVE. IT IS UNLAWFUL TO REMOVE EXISTING EID TAGS!** Market animals with existing EID tags will use that tag number for the EID identification portion. However, market animals will be required to be tagged/identified with an additional 4-H/FFA tag for the 4-H/FFA animal identification portion.
- Tags are to be obtained from the Extension Office.

STATE FAIR/AKSARBEN ENTRY PROCESS -

- 4-H/FFA livestock exhibitors/families will be responsible for submitting their animal information into the AKSARBEN livestock database online by the nomination deadline. This is NOT the responsibility of 4-H Extension Staff.
- Payments for the DNA process will be directly submitted by the 4-H/FFA Livestock exhibitor/family through the online database. Payments will NOT be made to the Extension Office.
- Families will have the ability to edit incorrect information (wrong tag number, wrong birth date, etc.) up to the nomination deadline.
- Extension Staff/FFA Advisors will deliver the DNA envelopes to the AKSARBEN office by the respected deadline. Extension Staff will also have the ability to see what families have submitted and will be validating those nominations throughout the nomination process.
- Once the information is in the database and has been validated by the Extension Staff/FFA Advisor, it will be available for exhibitors to make State Fair and AKSARBEN entries.
- Any animal not entered in the database will be considered ineligible for State Fair and/or AKSARBEN.
