Animal Science

Large Animal Round Robin

The Large Animal Round Robin will consist of the top FFA and 4-H overall showmen in the beef, sheep, meat goats and swine projects (total 8 exhibitors.) The animals shown must be found by exhibitors. In case of a showman winning in more than one event, an alternate will be chosen by the judge of the species showmanship competition. Past winners can compete and a showman can win more than once.

Small Animal Round Robin

The overall grand and reserve champion showman of each species (companion animal, dog, dairy goat, fiber animal, poultry, and rabbit) will represent that species in the Small Animal Round Robin Showmanship, unless that person has won the Round Robin Trophy in the past. In that event, the person who placed 3rd and received a purple ribbon of that species will be the representative in the Round Robin (unless that person has won the Round Robin in the past). If the same exhibitor is Grand or Reserve Champion of two species, he/she will choose which animal to show, then the next purple ribbon will represent that species in the Round Robin. There will be 6 stations (companion animal, dog, dairy goat, fiber animal, poultry, and rabbit), each exhibitor will be allowed 5 minutes to show each species. Each exhibitor will be scored at each station and the Grand and Reserve Champion Round Robin Exhibitor will be awarded to the top two accumulative total point winners. In case of a tie, the participants will answer the same question at each station until the tie is broken. Dress code: recommended to wear dark jeans, hard soled shoes, and county issued fair shirt, a white shirt or dairy showman attire.
