Dec. 14th- Leadership Summit, Bruning Davenport 8th Grade  
Dec. 15th-Nebraska Robotics Kit Zoom

Amy, Jenna, and I met to discuss fair book changes. Jean presented a new logical way to structure the fair book. We also discuss dates for joint programming.

Extension Fall Conference was centered around Program Evaluation and Reporting System (PEARS) that Nebraska Extension will begin using starting January 2024.

Nuckolls County hosted InVenture Day an entrepreneurship field day for 7th grade youth. Youth work in group with mentors to come up with a invention inspired by a widget. They learned about branding, price, marketing, and creativity. They then gave a quick pitch and competed for for best pitch of the day. Schools that participated were Lawrence-Nelson, Deshler, Thayer Central, and a few students from Superior.

Jenna and I presented Leadership Summit to 15 Bruning-Davenport 8th grade students.

We Explored more about robotics and are currently researching what type of robot to purchase to use in programming.
