April 29- L/N 1st grade Butterfly lesson #4 & STEM Imagination Zoom meeting

Throughout March and April I have been putting together our Southern Plains livestock judging contest which will be held May 24th. We have seven classes of livestock. I have put together this year's Bonanza Day and we will once again hold one in Nelson and one in Deshler with 4-H age youth completing 6 projects and clover kids completing 10. Fair prep is continuing to move right along.
