## **Volunteer (Leader) Enrollment Information**

All returning volunteers will notice the roll-over of information to 4-H Online 2.0 is giving them a birthdate in 1900. 4-H Online 1.0 did not require birthdates for volunteers so the program assigned one. It is my understanding that it may not work to change it. Don't worry about it, we do not use birthdates for volunteers so is not important that it be right.
