GROWING PLANTS INDOORS

Why do you enjoy growing plants indoors?

Why do plants need sunlight?

What happens to plants that do not have the right amount of light?

Why is humidity important to plants?

How can you increase the humidity in your home?

Why should you keep plants away from drafts?

Record of Watering

Kind of Plant	How Often watered

WHAT TYPE OF GROWTH MEDIA DID YOU USE? (Soil or Soil-less mix)

Why isn't ordinary garden soil satisfactory for houseplants?

Why should you use a sterilized soil-less mix or sterilize old mix before you use it for houseplants?

Why should you sterilize containers, too?

Tell how you mixed your growth media and sterilized it.

Record of Fertilizer

Date of Application	Type of Fertilizer Used

Record of Plant Care

Kind of Problem	How Controlled	Date

Record of Plants Propagated

Type of plant Propagated	Method used (use a separate line for each method)	How long until new plants appeared?	How many new plants did you get?	Kept, sold or given away?

What did you learn in this project and how will it help you in your future?
