REQUESTING POINT-OF-VIEW VIDEOS FROM 4-H YOUTH FOR NEBRASKA STATE FAIR

Showing a rabbit. Interview judging. Zooming down the zipline. Aiming for the archery target. Jumping into the saddle. Riding a bike. Baking muffins. Programming a robot.

Nebraska 4-H youth from across the state are learning by doing – and we want to share *your* #NE4H view with others!

A new attraction is debuting at this year's Nebraska State Fair in the 4-H Exhibit Hall – the #NE4H Video View Wall! The video features 12 large televisions that will showcase point-of-view videos taken by Nebraska 4-H'ers, like you.

Using a GoPro camera or by creating your own using a mobile device, record your 4-H experience (either completing a 4-H project or participating in a 4-H event). Then, edit the footage, upload it to a cloud storage system, and share it for display on the #NE4H Video Wall. Complete details can be found at <http://4h.unl.edu/video-view>.

Shooting a rocket. Searching for insects. Sewing a dress. Drilling a hole. Shearing a sheep. We want to see *your* #NE4H view and share it with others at the 2016 Nebraska State Fair!

Project record books can be used at the club level; however, premiums will only be paid on completed 4-H Career Portfolios. Contact your club leader for club requirements and when they are due for your club. Record books and the Career Portfolio are on-line at <http://wayne.unl.edu/county4h>. A \$3.00 premium will be paid on the Career Portfolio. Final enrollments, award applications and a list of members that have completed the Career Portfolio are due to the Extension Office on or before Monday, September 12. Please contact Amy if you would like assistance or help getting started with your Career Portfolio.

A NOTE FROM AMY: Congratulations on all the hard work in preparing for the fair. The 4-H program values your good character when participating in events and thanks you for volunteering at the fair and throughout the year. Have an enjoyable and safe fair, I can't wait to see all of your exhibits!
